Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative and productive career oriented activities. The course is presented through well-developed lesson plans that reflect the latest educational methods. Subjects are presented by means of lecture, demonstration and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the course. All classes are taught in English.

EVALUATION PROCEDURES AND REQUIRED LEVEL OF ACHIEVEMENT:

Students are assigned theory study and a minimum number of practical experiences. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedures and performance standards established by the state-licensing agency. Students must maintain a theory average of 70% and pass a final written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Grades are determined using the following scale:

Grading Scale:

Written: A = 90-100% B = 80-89% C = 70-79% Below 70% = Failing

Practical: Satisfactory
 Unsatisfactory

RHODE ISLAND STATE LAW REQUIREMENTS:

The Rhode Island State Law requires that students have 600 clock hours of training and be graduated from a licensed cosmetology school to qualify for an initial esthetics license. Following graduation, students are required to take a State Board Practical and Written Examination before receiving their Rhode Island Esthetics License. This license is a protected license, but it must be renewed every two years. The State Board gives these examinations and there is a fee charged.
